The Pocket Prayer

On cold days pockets can be pretty handy. But when it comes to tissues and wash days.....they seem to get me into a lot of trouble!

You know how it goes.... it's always the dark load that gets the tissue and always with those fabrics they are attracted to. And then you have the major dilemma – stick it all through the wash again or hang it out with a big shake. (Maybe just throw the clothes away and buy new ones? This is my preferred option.)

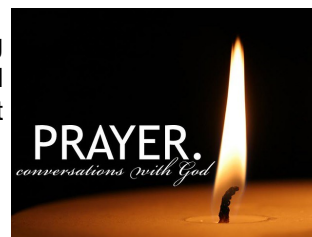

But it's not just tissues. Pens left in pockets can cause a stink, let alone work receipts. The most useful thing that goes in your pocket though is a pocket knife - everyone should carry one I reckon.

Pockets have been carrying around our stuff since kangaroos were joeys.

This term we have been looking at The Lord's Prayer. Max Lucado wrote a book called 'Before Amen' which considers The Lord's Prayer and Max calls it the 'Pocket Prayer' and I think he is spot on. The Lord's Prayer is a simple prayer and one we can take with us where ever we go. I hope our community enjoyed the theme.

Next term we are considering 'Everyday Things'. Stay tuned and thanks for all your support throughout term 3.

COLOUR EXPLOSION FUN RUN

Our first Colour Explosion Fun Run Fundraiser was held on the school oval last Friday 17th September and the students had a blast participating in such a fun and colourful event. With music blaring the oval was a hive of activity running, jumping, dodging and weaving the circuit and the atmosphere was festive! A huge amount was raised towards our Nature play area and the local trees project, in fact it was over \$14,300 and over 1115 trees earned to A Bio Diversity Hot Spot project. Fundraising closes midnight this Friday. How amazing is this effort! Thanks to the P & F and Mr Cochrane for organising this brilliant and colourful event.

Year 4/5/6 SCHOOL CONCERT

‘And that’s a wrap!’ This year, concert has taken on a few challenges! COVID restrictions and school renovations halted our usual live performance. However, the show must go on. We decided this year to give the students more of an opportunity to have a role in what was being performed, and then film their item. This opened up the chance for media arts as well. A few of the parameters that the students had to abide by were:

- * Had to take part in a performance
- * Had to be based around a given theme
- * Must be in a group
- * Must be filmed

Needless to say, there were highs and lows along the way. Here are a few:

Highs

- * Choosing their own style of performance
- * Having a go at directing
- * Coming across challenges and working through them
- * Enjoying and expressing themselves through various forms of the arts around passions/ interests of their own.

Lows (Challenges)

- * Finding out that not everyone agrees with you
- * Time management
- * Creating a small video takes time!
- * What to do when others aren’t around
- * Disagreements aren’t fun but can be resolved.

One of the fundamental changes from previous (traditional) concert sets ups, is the concept of student agency, where students can work in a group to co-create something, as opposed to simply being given a role and then being directed. This year’s concert experience was in effect ‘self-directed’ which is a fundamental change and brings with it a lot of complexities. And while we wouldn’t assign a grading for a ‘performance’ the experience is able to be assessed against effort and attitude and this will be reflected in the end of year school report under the Performing Arts section. We hope you enjoy the performances.

SAKG STUDENT REPORT

During this weeks kitchen lesson we are making pizzas. With a special group doing Pizza of the Imagination where you get to make up all of the ingredients. On the harvest table there were Beetroots, Potatoes, Silverbeet, Rosemary, Feta cheese, Pumpkin, Mozzarella cheese and fennel to chose from. It was a fun and creative lesson.

"I enjoyed cutting and learning new things all together." (Hayden G)

"I really enjoyed kneading the dough for the first time." (Ruby C)

Leek & Silverbeet Pizza

Season: Winter/Spring

Serves: 30 tastes in the classroom or 8 at home

Fresh from the garden: garlic, leek, silverbeet, rocket or other salad leaves

The toppings on this pizza make it an ideal winter or spring dish. You will be using pizza dough prepared from the **Basic Pizza Dough** recipe.

Note: If you are using pizza stones, you will first have to assemble each pizza on a light piece of wood (a 'peel') or a baking tray. Turn the baking tray upside down prevent the edges stopping the pizza slipping easily onto the preheated stone.

Equipment:

metric measuring spoon and scales
clean tea towels
chopping board
cook's knife
vegetable peeler
frying pan
wooden spoon
large bowl
rolling pin
2 x 28 cm pizza trays, or 2 pizza stones
pizza peels or baking trays (if using pizza stones)
wide egg lifter
large board for serving pizza

Ingredients:

2 tbsp olive oil
1 leek, green stalks discarded, finely sliced
1 large handful of silverbeet leaves, shredded
salt and pepper, to taste
50 g parmesan, shaved with the vegetable peeler
1 garlic clove, peeled and finely chopped
1 quantity **Basic Pizza Dough**
plain flour, for dusting
semolina flour, for dusting if using pizza stones (optional)
rocket leaves as a garnish

What to do:

1. Preheat the oven to 200°C.
2. If using pizza stones, place them on a rack in the oven to get very hot.
3. Prepare all of the ingredients based on the instructions in the ingredients list.
4. Heat the frying pan on a low heat and add half the oil.
5. Sauté the leek until soft (about 5 minutes).
6. Add the silverbeet and season to taste. Cook just enough to wilt the silverbeet, then take off the heat and set aside in the large bowl.
7. Divide the pizza dough into two equal pieces.
8. Sprinkle flour on a clean workbench and roll each piece of dough into a thin pizza base about 25 cm in diameter.

If you are using pizza trays:

1. Sprinkle flour on the trays, then carefully lay the pizza bases on the trays.
2. Spread the garlic over the pizza bases.
3. Arrange the leek and silverbeet mix on the pizzas.
4. Sprinkle most of the parmesan over the top (keep some aside to serve).
5. Drizzle the rest of the oil over the pizzas, then place the pizzas in the oven.

If you are using pizza stones:

1. Sprinkle flour on the wooden peel or upside-down baking tray. Semolina flour is best for this.
2. Carefully lay each pizza base on the floured peel or baking tray.
3. Spread the minced garlic over the pizza bases.
4. Arrange the leek and silverbeet mix on the pizzas.
5. Sprinkle most of the parmesan over the top (keep some aside to serve).
6. **Carefully pull out the racks with the very hot pizza stones.**
7. Without touching them (they are very hot!), sprinkle semolina over the pizza stones. Shake the peel or baking tray and slide each pizza onto the stone.
8. Drizzle the rest of the oil over the pizzas, then slide the rack with the pizzas back into the oven.

To bake the pizzas:

1. Bake the pizzas for 15 minutes or until the edges are very crisp and the cheese is bubbling.
2. To get a crispy base on pizzas cooked on pizza trays, **slide the pizzas off the trays onto the oven rack for the last few minutes.**
3. **Remove the pizzas from the oven.** Transfer them to the serving board with the wide egg lifter.
4. Cut the pizza into slices so there is a slice each for your diners.
5. Serve topped with rocket leaves and the remaining parmesan.

iGOSH

We are looking forward to seeing many families at Vac Care during the holidays.

Hats are compulsory these holidays.

If your child(ren) don't have a hat, they will be issued with a school hat and \$10 will be charged to your account.

Please also help with applying their first coat of sunscreen when they arrive in the morning. We will then re-apply throughout the day

Consent forms need to be signed and returned before or on the day they attend.

For any extra bookings / changes or cancellations please email Katrina. Online bookings for Term 4 are open. Week 1 will close at 2pm on Friday 8th October.

iGOSH Xmas closure will be from 24 Dec 2021 to 9 Jan 2022

CURRICULUM NEWS

CURRICULUM NEWS

Year 3 Maths

Our Year 3 students have been looking at location in maths and working on mapping activities. They took part in a mapping challenge last week, following clues around the school in their teams.

Play investigations

Our Year 1 students have also been looking at location and mapping – as part of their maths unit and as part of their unit of inquiry.

Central Idea:

Communities provide services to meet people's needs

Lines of Inquiry:

- The different services within our community
- The roles and responsibilities of people who are part of our community
- How communities are organised

They used Blu-bot robots as part of their play investigations. They programmed the robots to help them learn about directions.

LOTE

Students in Years 3 – 5 have also been looking at location as part of their Indonesian lessons. They have used the Bee-bot and Languagenut apps and have followed and created treasure hunts, finding secret locations using Indonesian directions. They have done very well with learning lots of new Indonesian words and phrases, like these:

Belok kiri – Turn left
Belok kanan – Turn right
Jalan terus – Go straight ahead
Di pojok – On the corner
Di atas bukit – Up the hill

Year 5 UOI

Our Year 5 students have been creating some fantastic artworks inspired by the works of different artists.

Central Idea:

We use our imagination to express ideas creatively

Lines of Inquiry:

- What motivates creativity
- Different ways of expressing ideas
- Critiquing and reflecting on artistic expression

They have spent time analysing different techniques and created portfolios where they explained their artworks, their meaning and their inspiration.

COMMUNITY NEWS

Girl Power with Andrea White School Holiday workshops - Wednesday 29 September (Flyer and more information available from the front office). Term 4 Peaceful kids Program starts Tuesday 12 October.

SAPSASA REGIONAL ATHLETICS CARNIVAL

Great news for the Gawler District Athletics Team today - a brilliant first place result. Great effort by all country district athletes. Congratulations to all medallists involved.

Top 5 District Teams:

Gawler 547pts / Upper SE 500pts / Riverland 498pts

Barker 494 pts / Hills 440.14 pts

We were so thrilled for the entire team and a massive thanks to Jake Asher and Wendy Stimson for taking the team to the top! Also a huge thankyou to everyone involved with getting these athletes to Carnival. Great job.
