

IMMANUEL INSIGHTS

Term 4 Week 4, Friday 05 November 2021

Dates to Remember

TERM 4

Week 5

Weds 10 Nov - Yr 6

Exhibition (online)

Thurs 11 Nov - Open day

9:30am

- Remembrance Day 11am

- Year 1 sleepover

Week 6

Fri 19 Nov - Faith Challenge

Sat 20 & Sun 21 Nov -

Gawler Show - School Stall

Term 4

Concludes

Wednesday 8 December

(9 weeks)

2022 Term Dates

Term 1

Mon 31 Jan to Thur 14 April

Term 2

Mon 2 May to Fri 1 July

Term 3

Mon 25 July to Fri 30 Sept

Term 4

Mon 17 Oct to Weds 14 Dec

The Original Master Key

It's that moment you go cold and start sweating at exactly the same time.

You're in a massive rush, and you know that you simply can't be late. And time is running out. But where are your keys? Every night...every time you come home... you put your keys in the same spot. But they're not there.

So the crazy, frantic search begins. And every one within 1000 meters gets drawn into it.

You look high and you look low and you look in the same spots time and time again in a panic filled craze expecting by some miracle to see them there.

And then someone looks in the same spot that you have looked at 5 times already... and there they are. How does that happen? Disbelief is expressed. Relief rises out of grief. Keys. They might be closely related to success and authority but all too often they are an identical twin to frustration.

This week our Worship theme has been 'Keys'.

In Matthew 16 Jesus gives to his church the authority to proclaim forgiveness to those who repent, and in doing so he gives the Keys to Heaven to his people. A radical change and a radical hope.

And an amazing responsibility and privilege.

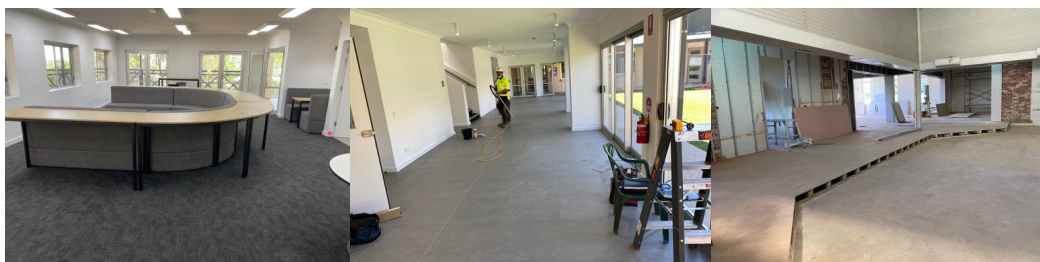

Daryl

Matthew 16:19....I will give you the keys to God's kingdom. When you speak judgment here on earth, that judgment will be God's judgment. When you promise forgiveness here on earth, that forgiveness will be God's forgiveness."

NEW BUILDING

Warrintheni - There are only a few things left to tidy up with this project and we expect to have full access from the start of Week 5. Yr 5 and Yr 6 students have been orienting themselves with their new spaces during this week and working out where best to locate furniture and what the best pathways for access/egress are.

While the build has taken a little longer than expected, the new spaces will be wonderful in the way they will support student learning in a variety of modes – singular, small group, medium groups and large groups.

Tanta Marta – The refurbishment of the heritage space is coming along and we still expect this to be fully operational from the start of the 2022 school year. Similarly to the Warrintheni build, Tanta Marta will provide flexibility and space for students to collaborate and engage in a variety of modes.

Sometime in November we anticipate that air-conditioning will go into the Taikondi space and as soon as we get the keys to Tanta Marta we will be re-carpeting the Taikondi space as well.

Car Park - Following on from the Warrintheni build we are redeveloping the Daly Street carpark. The plan will be to create more spaces for parking, more 'set down' spots and a better flow of traffic generally. We'd anticipate that it is going to take a few months to complete but work has begun and together with the opening up of the East Terrace property on to East Terrace, we anticipate much better parking and traffic flow.

A reminder that all cars parking in School Lane or on the top deck area should exit via the house block onto East Terrace.

Grand Opening - At this stage we are planning for a 'grand opening' of all three of these projects sometime around Week 5 Term 1 2022 with a big celebration and gathering.

Stay tuned. A sincere thanks to our school community for your patience with all of these projects. If you have any questions, please don't hesitate to ask.

Daryl

WORLD OF MATHS INCURSION

On Wednesday and Thursday this week Immanuel Gawler hosted a visit by World of Maths. All classes across the school had an opportunity to take part in all kinds of hands-on activities with a focus on learning and enjoying maths. Students were really engaged and there was some great learning and problem solving during the sessions tackling lots of puzzles and challenges.

"My favourite activity was racing the monkeys because they fell really fast." (Hallie, Yr 1)

"I enjoyed the train activity because I had to work out the directions and it was challenge." (Zaxis, Yr 6)

"I liked building the bridges with the blocks" (Brandon, Yr1)

COVID AND US!

The current regulations, as best I understand them at the moment, are that you do not need to wear masks when outdoors on site here at school, but you do when you go indoors such as the front office. Social distancing is still a requirement and sadly the 1:4 square meter rule means that we are unable to have any parents in (at the moment) for things like Worship and Praise or Assemblies – as you can see by the photo the Heritage Renovation project means that we don't have any spare space in Taikondi at the moment at all, especially when the 1:4 rule is applied!

Like everyone else, we are not sure how the rules will change in the coming weeks, especially with the discussions that have been had about 'opening up' etc, but we will continue to do our best and keep families informed as changes are made. Worship and Praise and Assembly videos are sent out each week via email for parents and caregivers to watch.

We are back in the kitchen, and in this weeks lesson we are making Warrigal green pesto! Pesto is usually made of basil but we decided to give it a twist and use warrigul greens instead along with some, garlic, parmesan cheese, a tip of olive oil , salt and along with some pine nuts.

Pesto is a topping mainly used for pasta witch gives a sweet lemony flavour. Pesto can be used with many meals such as: a dip, a topping for meat, on pizzas and you can so use it in soup.

"I loved eating and munching on the food that 5K made, it was all amazing!" (Fawwaz)

"The best part about kitchen was probably eating the pasta and pesto." (Iraklis)

WARIGAL GREEN PESTO RECIPE

50g pepitas, roasted

1-2 cloves garlic

250g Warrigal Greens

125ml olive oil

100g grated parmesan cheese (or vegan alternative)

Salt and pepper to taste

Wash and blanch the Warrigal green leaves in boiling water with a tablespoon of olive oil for 60 seconds. (This gets rid of the oxalic acid present in all raw spiniches.

Drain and cool in a bath of iced water to preserve the bright green colour.

Squeeze the excess water out of the leaves. Discard water onto the garden once cooled.

Blend in a food processor - Warrigal greens, nuts and garlic.

Slowly add in the oil and cheese.

Season to taste with salt and pepper.

CURRICULUM NEWS

Year 2 Camp

Last Thursday the year 2's headed off to AFL Max to experience Camp Max, a one night camp with four quarters of learning that focus on Fitness, Nutrition, Positive Education and Fun. Camp Max was a great combination of physical and theoretical based learning and we were amazed at the variety of activities across the entire venue from rock climbing to trampolines, inflatables, and interactive gaming.

A highlight for most students was challenging themselves and reaching new heights on the rock climbing wall and playing games of dodgeball on the trampolines. For others it was the chance to make stronger bonds with their peers and also make new friendships.

We are super proud of our year 2 campers and how they have grown from this experience.

"My favourite thing on camp was going rock climbing because it was a challenge." (Gracie)

"I enjoyed sleeping in our sleeping bags and watching a movie, I liked sleeping next to my friends." (Eleanor)

"My favourite thing was playing on the playground with my friends." (Matilda)

Year 4 Camp

Our Year 4 students were really busy last week, on their Urban camp at Warradale Urban campsite. They found out about gradual and dramatic changes on other planets at the Mawson Lakes Planetarium. They visited St Kilda mangroves to look at sustainability. They found out about Aboriginal culture at the Living Kurna Cultural Centre, the South Australian Museum and the Aboriginal Plant Use Trail at the Botanic Gardens. They finished with a trip to the Maritime Museum, linking to their unit on empires and colonialism. There were a lot of great learning experiences and students had a really enjoyable time.

"I enjoyed the Botanic Gardens because I saw 'Bottle Trees' and bats" (Yuvi)

"I loved making baskets at the Kurna Cultural Centre because they were all very different. Something interesting was the wheat boat at the Maritime Museum." (Lilly)

Friday Electives

For Electives last week the team from Prosperity introduced us all to a range of presentation tools, including platforms for creating websites. We had many fun activities to choose from. We have had electives also this week which involved some super interesting activities such as photography, animation, digital art, hardware, movie making and coding.

CURRICULUM NEWS (CONTINUED)

Year 1 Unit of inquiry

Our Year 1 students have been looking at how life has changed over time, how things have been different in the past and how they might be in the future.

Central Idea: The things people do and use change over time

Lines of Inquiry Changes in technology
 Changes in people's lives
 Impact of these changes on people

They have been examining different items used in the olden days and they are finding out about traditional Aboriginal art, toys and tools.

Year 3 Unit of inquiry

The Year 3s have been looking at heat, how it works and how people use it.

Central Idea: Understanding the properties of heat allows people to use it in different ways

Lines of Inquiry Ways heat is produced
 Changes caused by heat
 Challenges with using, storing and transferring heat

They have been taking part in a lot of different experiments to look at heat in different surfaces, absorbing and reflecting heat, the effect of heat on different materials and how insulation works.

Year 6 Student Parliament & U.O.I.

The students in Year 6 have spent a lot of time looking at how societies are run, dating back to their time on camp in Canberra earlier this year.

Central Idea: Societies are shaped by their decision making processes

Lines of Inquiry: Decision making processes and the impacts on society
 The rights and responsibilities of citizenship
 Planning leads to action

As part of this unit, they have formed a student parliament, where different students have been given different portfolios and they have been speaking to classes throughout the school about school issues and ideas. On the agenda to be discussed was adding to our nature play area and the Friday electives concept. The students enjoy participating in this style of open forum discussing various school issues.

GETTING TO KNOW OUR STAFF

This week we
meet Mrs
Sivour from
Year 3

Rachael Sivour

Role: Yr 3 Teacher and LOTE

If you could have a superpower what
would it be and why? Telepathy

Favourite quote or proverb? Proverbs 6:6
Go to the ant, thou sluggard; consider her
ways, and be wise.

Strangest thing you have eaten? A whole
liver.

First job? Grape picking at 4years old – 40c
a bucket!

If you could snap your fingers and become
an expert in something, what would it be?
An expert in World languages.

**Knock, Knock.....Who's There?.....Little old lady....
Little old lady who?..... I didn't know you could Yodel
(Lander Yr1)**

????? ANIMALS QUIZ ?????

1. Are butterflies insects?
2. What are female elephants called?
3. Bats are mammals. True or false?
4. Groups of lions are known as what?
5. A 'doe' is what kind of animal?

**Write your answers on a piece of paper and pop them into the entry box at the front office.
Don't forget to put your NAME, YEAR LEVEL AND CLASS on your entry. The first entry drawn
out of the box with all 5 correct answers will win a Subway Voucher and Drink bottle!!!!!!
(1 Entry per student please) ENTRIES CLOSE FRIDAY 12 November at 9am. The winner will be
announced in the Monday Minutes email and posted in the Immanuel Insights Newsletter.**

SPACE QUIZ WINNER : Mitchell J from 2S

QUIZ SPONSERED BY - SUBWAY (Gawler, Murray St)

SPORT PADLET - Immanuel's BMX Bandit

Matayus from Foundation competed in the Salisbury Open BMX Championship in DIV 7 last term. For the first time ever he qualified with enough points throughout the four heat races and made the Final.

Again up against seasoned riders older than him, he never gave up in the final race and to his excitement finished with a 3rd place. His family and friends are super proud of him especially his little brother. Scan the QR Code to see photos of Matayus in action.

FROM THE OFFICE

UNIFORM SHOP

Opening times:

Monday: 8.30am - 9.15am

Friday: 3.00pm - 3.45pm

If you are unable to make these times, please see the office staff and we can help you accordingly.

Uniforms can be paid for over the phone and sent home in the message trays.

SECOND HAND

UNIFORM STALL

Opening times:

Monday: 3.10pm - 3.40pm

**Wednesday:
8.45am - 9.15am**

LOST PROPERTY

We have many unnamed Jumpers, Rugby tops and drink bottles. Please pop by and check if you have lost clothing recently.

WORSHIP & PRAISE

Friday November 12
Remembrance Day service

ASSEMBLY Term 4

Monday Week 8
Hosted by Year 1
2.45pm in Taikondi

*Videos will be emailed home

OPEN DAY

Thursday 11 November @
9:30am

****WHEN ENTERING SCHOOL
GROUNDS, PLEASE REMEMBER
TO CHECK IN VIA THE QR CODE
AT THE GATES OR MANUAL
SIGN IN AT THE FRONT
OFFICE****

**PLEASE ONLY BE ON SITE AS
LONG AS IS NECESSARY.**

It is essential that parents, students and other caregivers do not come onto the school site if they are unwell and that they get tested for COVID-19.

SUBWAY

Orders due in by 3:30pm
Wednesdays for lunch Friday.
Please separate into individual envelopes with correct money.

WILDLIFE FUNDRAISER (Yr6)

One of our Year 6 Exhibition groups have set up a Lolly Jar Fundraiser in the Front office for \$1 per guess.

Monies raised will go to the "Barossa Wildlife Centre" towards food and supplies for the animals to help them feel safe and at home.

Pop by the office to record your guess and support this wonderful cause.

Guesses close Friday 12th Nov.
