Temptation

I've been watching MKR over the years and have marvelled at some of the terrific food and crummy comments.

And as the emotions simmer and flow more than any Lamb Samosa or Runny Egg Ravioli, it's clear that I have a lot in common with the contestants....NONE OF THEM COOK BY THE BOOK!

I haven't seen a recipe yet!

As a measure once and cut three times kind of guy, I don't tend to cook using a recipe. Cooking is an art, not a science... that is unless you are making a Nutty Pumpkin Bread with Poppy and Sesame Seeds in a Thermomix.

And it seems to me that people generally fall into two categories – those who stick to the book and those who don't. In this week's bible focus story we catch a glimpse of how important it can be to stick to the book, especially when the devil is involved with a tempting loaf of his own.

In Luke Chapter 4 (our bible focus story this week) Jesus heads west and is tested by the devil. Hungry after fasting for 40 days, He turns to the Book of Life for the Bread of Life. Each time the tempter tries to snare Him, Jesus turns to the source of all solutions, The Word.

I think the devil takes us to the edge of the cliff these days as well... 'If you are a child of God, why do bad things happen to you...' It's a great question and one that has tested me time and time again.

The only answer I can say is 'It is written...' and then seek the answer from the book of best recipes for healthy living – The Word.

BEBRAS COMPETITION with Mr Cochrane

- The Bebras Computational Thinking Challenge was held at Immanuel on Wednesday. 45 keen students from Years 3-6 took part. The Challenge is organised by CSIRO and is part of an international initiative with the goal of promoting computational thinking amongst students.
- This type of thinking involves a number of skills including Pattern Recognition, Logic and Algorithms. Well done to all the children who participated this time round. I am looking forward to the next challenge later in the year.

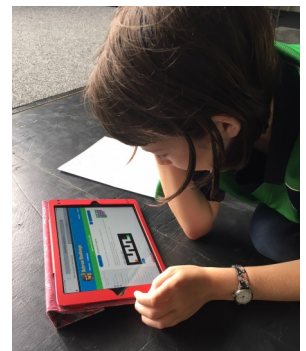

From the students point of view:

- The Bebras Challenge was a series of questions, mostly involving logical problem solving skills. We had to answer 15 questions individually or in groups working together before the time ran out. Our favourite part of the challenge was answering the really difficult coding question where we had to guide a robot through a special maze. We found it really interesting and lots of fun.

GYMKHANA EVENT - Ponies and kids everywhere!

- Last Friday 9 Immanuel students participated in the Interschool Gymkhana at Trinity College. This is the 3rd year we have entered this competition. Riders came from Clare, Burra, and all over town. It was an excellent turnout.
- Our riders represented the school and tried to win ribbons by riding their ponies and following patterns. All of our riders were really good and improved from last year and got a lot of ribbons.
- Everyone from Immanuel had a very positive attitude and tried their hardest even when the ponies weren't behaving.
- Immanuel received second place in the grand parade at lunch and all our riders were in the Topsy Ring.
- We also had some students attend as non-riders (Aimee, Chloe and Emilie) who did a great job helping on the day. We hope they can participate next year.
- We want to thank Mrs Roberts and Mrs Parish for making the day happen and all of the parents who took time out of their day to take us and our ponies to the event and for braiding the ponies up.
- **Thanks everyone - staff, parents and our riders:**
Angus, Ella, Ellie D, Ellie M, Eliza, Jedison, Keira, Lily, Makaydee

DID YOU HAVE PANCAKES FOR BREKKIE ON SHROVE TUESDAY?

Tuesday 5th March was **SHROVE TUESDAY**. Australians celebrate it as PANCAKE DAY.

At Immanuel over 400 Pancakes were cooked and served for STUDENTS and PARENTS.

Shrove Tuesday is the last day before Ash Wednesday and is the last day before the period of Easter known as Lent.

Traditionally Shrove Tuesday was a day for gluttonous celebrations to use up luxurious foods that many people would forgo during the Christian season of Lent.

Thanks Mr Trigg, members from Gawler Lutheran Church and P&F for helping.

YEAR 2's VISIT THE GAWLER CIVIC CENTRE

Central idea:

Community needs influence the design and management of spaces

Lines of inquiry:

The features of spaces

The significance of different spaces

How communities design spaces for different purposes

The Year 2 classes continued with their inquiry in this unit by visiting the new Gawler Civic Centre. They looked at the many different design features and how old and new have been combined to create spaces which cater for a wide range of community activities.

We are very grateful to Ebony Steadman at the Civic Centre, for arranging the tour and visits by our Year 2 and our Year 6 students.

YEAR 3 Unit of Inquiry and CAMP

Our Year 3 classes have been working on a unit of inquiry with the central idea: People **are connected to places in different ways**. The unit is based on the theme, **Where we are in place and time**.

As part of the learning for these units students went on an overnight camp to Monarto Zoo (Indaba) last week. Their first stop was at Old Taillem Town where they spent time finding out about how the first Australian Settlers used to live. Students came dressed in olden day fashion and had a look around the pioneer village which is decked out with 110 buildings including homes, shops, an old school house and police station. Next stop was at Monarto Zoo. Students went on a Safari trip, saw the giraffes being fed, saw Tasmanian devils, raked up leaves for the bush turkeys nests, made passports, built cubby's, did a night walk and collected bison poo too! Great Fun! A BBQ was cooked and served for tea. Yum!

It was an engaging, exciting camp and a great opportunity for students to get involved in their learning in a very real way.
