STEP ON IT...

You have to admire the humble doormat.

They lie in wait day after day, for their master to return and then like a loyal canine they expose their belly to be rubbed and brushed and then totally ignored again.

As they lie down at attention, shoulders set squarely next to their sentry position, the doormat has every reason to be bristly and whinge and whine – have you ever stopped to consider just what you are wiping on them?

(If I use the dishcloth to wipe the floor just once it is tantamount to the Nazis' marching on Poland, yet I am told I must wipe my feet before I can come in? But does the door mat ever get cleaned? No. Does the door mat ever get sprayed? No.) Does the door mat ever complain? No.

Because it is a humble servant. Like it's second cousin (the tooth brush) and third cousin (twice removed) the toilet brush, the doormat exists for others.

And I think for anyone who calls themselves a servant there will be times when you feel trodden on, ignored, taken for granted and not appreciated for the work you have done.

As we lead up to Easter and walk the story again of the most humble of servants, we remember that Jesus laid down his life so that we might step into a full and clean relationship with God.

This Easter, when it is tempting to ignore the one who wants to clean your feet, remember that He is the Servant King who lies patiently knocking at the door of our self belief (that would trick us into thinking we are washed clean by our humanity.)

I pray that this Easter we will allow Jesus to wash our souls and give us a shine that can only come from having a relationship with Him.

YEAR 1 ZOO EXCURSION & their PYP Unit of Inquiry

Our Year 1 classes have been working on a *Sharing the planet* unit about our lifestyle and the choices we make.

Central Idea:

Our personal choices can change our environment

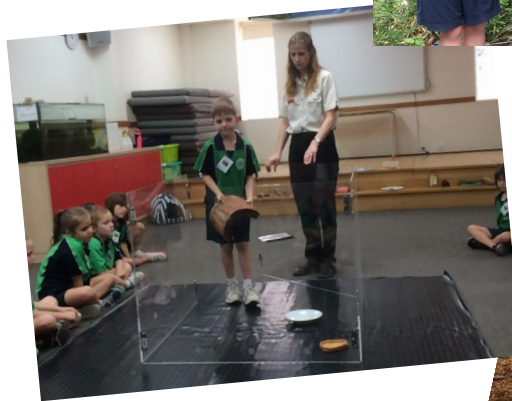

Lines of inquiry:

- Choices in people's daily lives
- The impact of people on the environment
- Ways people can care for the environment

As part of their unit they had an excursion to the Adelaide Zoo last Thursday 4 April to find out about how animals depend on their environments.

They will be looking later at how people's choices have impacted on animals and their environments.

The zoo excursion was a lot of fun and students had a very good opportunity to find out about the animals and the way they live.

YEAR 2 CAMP

Last week the year 2's headed down South to Hindmarsh Island for their overnight camp at Narnu Farm. It's was a fantastic camp taking students back in time to learn about what life was like in the old days.

There were heaps of interactive hands-on activities giving students a wonderful new experience.

We got to make butter from full cream milk on Camp. It was fun and hard to make. We all got a turn of spinning the handle to make the cream and milk come out.

Lauren S

On Narnu Farm we got to feed the goats. This goat liked climbing up to get his food.

Jye

It was really bumpy when I was riding the horse in the fields.

I really had a fun time!

Yuvi

On camp Sally the horse helped us to plough the dirt. In the olden days this is how they planted their crops.

It was fun having a shot holding on to the hand plough while Sally was going fast!

Chloe

On the way to the bones we got to ride in the back of Elsie the truck.

It was really bumpy and fun!!

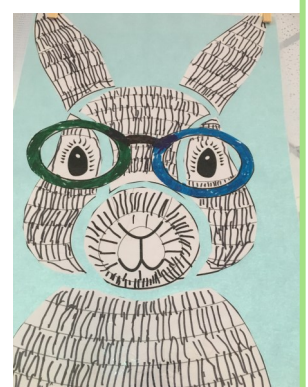

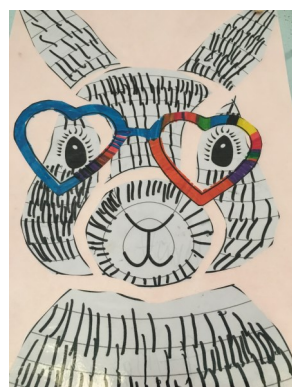

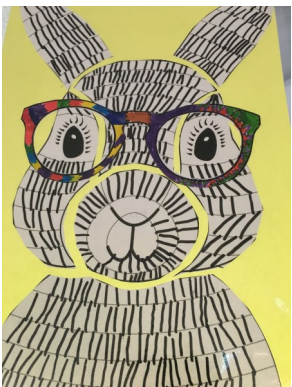

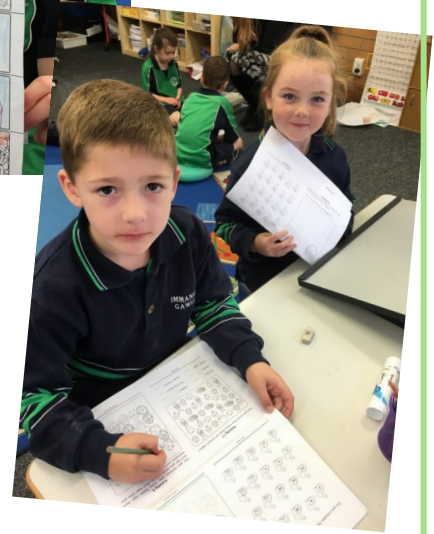

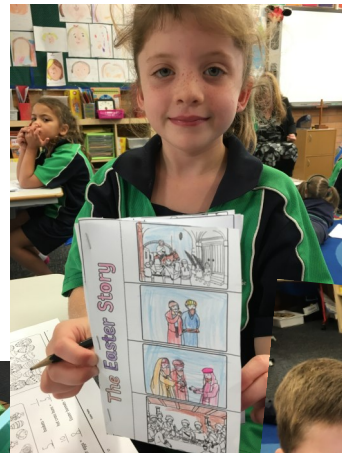

Mackenzie

The goats were really hungry and cute. We got to feed them milk from a bottle. They were really strong as they tried to snatch the bottle from us.
