BULLETIN

Term 1 Week 5
Friday 28 February 2020

Pets are important.

They can make our lives quite fragrant and their (almost) Christ-like unconditional acceptance can brighten a dull day.... though this might not apply to cats or pet snakes.

But have you ever had a pet rock? In geological terms the craze of keeping pet rocks was called the Ignoramus Age. Personally I figured I had enough sedimentary matter between my ears that I didn't need any to spill out on the shelf but some people did. They paid cold hard cash for cold hard river pebbles and poor old Fido and Felix were given the flick.

People's choice and treatment of pets has always intrigued. Birds in claustrophobic cages and fish in thimble receptacles. I guess it's ok if the animal only has a 3 second memory?

But the one thing that teachers and parents must never keep as pets are 'children'. The concept of the 'teacher's pet' or the parent's 'favoured son' is as dangerous as feeding your dog legumes before a long car trip.

In our focus story this week we are looking at the story of Joseph. Not the Joseph whose pet was the Donkey he rode to Bethlehem with Mary, but the Joseph who was the favourite son of his father Jacob.

You will recall that Joseph was the 11th son to Jacob and was his 'pride and joy.' He gave Joseph a special coat (of many colours) that symbolised this and the jealousy and envy of this favouritism led his brothers to sell Joseph into slavery. The story is found in Genesis 37 and it's a great reminder of the impact of family relationships and the consequences that can follow favouritism in families. It's also a great reminder of the power of forgiveness and reconciliation!!

MUSIC AND INSTRUMENTS at IMMANUEL with Mr Hueppauff

If you have a musical instrument laying around your house (not in use) Mr Hueppauff will gladly take it off your hands and use at school. Email dwayneh@ilsq.sa.edu.au with details.

If your child has an interest to learn a musical instrument or vocal we have some vacancies with some of our tutors in 2020. Please complete a [registration form](#) available from the office or on our website or talk to Mr Hueppauff.

MEET OUR MUSIC TUTORS:

Cameron O'Riley

- I have been teaching Guitar, Bass, and Ukulele for over 13 years, and at Immanuel for over 4.
- I hold a Diploma in Music and won the Derringers Outstanding Achievement Award for Music in 2008. I am currently halfway through studying to become a Primary School Teacher.
- I have a passion for music as well as a love of teaching children. I teach children what THEY want to learn in a fun and easy to understand way. My approach encourages student engagement, individual expression, creativity and ultimately a love of music.

Dallas Davenport

- I have been tutoring at Immanuel for the last 4 years.
- I teach Piano, Guitar and my specialty- Vocals!
- I enjoy working with each individual and over the years I've seen some massive changes due to students' efforts and patience.
- I work with each student to help them to achieve their goals and set new ones each new term. I help students overcome any confidence and self-esteem issues and coach them into the ability to shine and develop self-belief.
- I am currently developing a new option for students that may enjoy learning how to sing within an ensemble group. This may allow those who are not as fond of a one on one lesson the ability to perform and learn how to sing with their friends. It may also give a cheaper option to parents who are not quite sure if this is for their child or not.
- I have studied through the Australian Music Examination Board and have reached Grade 6 Piano level. I've been an active member of the music industry within ADELAIDE for the last 25 years and have worked with a number of high-profile bands as a session musician.
- I hope that I may have the privilege of working with a few more talented young people to help to share my passion and love of music and to keep music alive.

FRIDAY ELECTIVES

- **Mindful Mandalas**
- Great work!

UNIFORM SHOP

Open:

**Monday morning
8.30 - 9.15am and
Friday afternoon
3.00 - 3.45pm**

(or by appointment)

SECONDHAND UNIFORM STALL

Open:

**Tuesday morning
8.30 - 9.15am and
Wednesday afternoon
3.00 - 3.30pm**

Thank you to Beth Connor for volunteering to look after this stall. If you have an interest in helping too please let us know.

HATS

Need to be worn during outside lessons and
playtime during
term 1 and 4.

NAME, NAME! Everything!

Please ensure all
**hats & jumpers;
drink bottles & lunch boxes**
are clearly named.

Many of these items get misplaced so if they are named they can be returned.

FIRST AID and MEDICATION

If your child has medication stored at school eg Ventolin, Epipens, Antihistamine, please ensure it is not expired and we have up to date medical action plans. Action plans should be renewed every 12 months. so our school first aid staff can provide correct treatment.

SAKGP = Stephanie Alexander Kitchen Garden Program

The Stephanie Alexander Kitchen Garden Foundation takes a revolutionary approach to food education focusing

- Fun, flavour and texture through experiences that engage all the senses.
- Model good food choices without resorting to pyramids or labels of 'healthy' or 'unhealthy'.
- Plan menus around the fresh, seasonal produce growing in the garden.
- Use ingredients at their peak – seasonal herbs, crisp veggies, fresh fruits.

At Immanuel this semester the year 6 students are in the garden on Tuesdays and in the Kitchen on Wednesdays.

They have been exploring their current unit about wellbeing during kitchen lessons and have been creating their own healthy breakfast smoothie options.

HELP NEEDED PLEASE - to SHARPEN KNIVES

We need some help to sharpen the knives used in our **KITCHEN** for the Stephanie Alexander Kitchen Garden Program.

If you have the tools and can help us regularly (once per term) please let us know.

CELEBRATING SHROVE TUESDAY (25/2) AND ASH WEDNESDAY (26/2) AT IMMANUEL

On Ash Wednesday we acknowledge that we are made out of dust and to dust we return. During Lent we may choose to give up something we regularly like or do, eg a food, TV or video game. Jesus spent 40 days of Lent in the wilderness with no food or water before Easter. Shrove Tuesday was a day to cook up all the eggs, flour and milk so we could prepare for Easter.

#ASHTAG

IT'S NOT ABOUT WHAT WE DO
IT'S ABOUT WHAT GOD HAS DONE FOR US - GIVEN US ETERNAL LIFE

YEAR 3 – UNIT OF INQUIRY

The Year 3 classes have started the year with a unit on people and places as part of the transdisciplinary theme: *Where we are in place and time*.

Central Idea:

People, places and their connections change over time

Lines of Inquiry:

- Features of different places
- How places change and remain the same
- Relationships between people, places and change

As part of this unit, this week students went on their **overnight camp** and visited **Old Tailem Town** to look at how the features of places in the past were different to the features we see today, and how the changes in these features reflect the changes in the way we live. Their camp also included a visit to **Monarto Zoo**, in preparation for their next unit of inquiry based on the transdisciplinary theme of Sharing the planet.

Central Idea:

Maintenance of animal habitats is essential for their sustainability

Lines of Inquiry:

- Ways animals can be classified
- Our responsibility to ensure sustainability
- The impact of introduced species

MATHS – YEAR 1

Students in Year 1 have looked at gathering and recording data. They have investigated flavours of ice cream and working out numbers of students who liked each flavour.

They chose an interesting way of recording their data (using themselves as units). Once they had displayed their data they asked questions to see what the graph could tell them.

ASSEMBLY WITH SPECIALIST TEACHERS

At our Assembly on Monday, our specialist teachers gave an overview of what has been happening in Physical Education, Music and Languages Other Than English (LOTE) in the first weeks of school.

Each of our Assemblies this year will have a focus on the **IB Learner Profile** and our specialist teachers looked at being a **communicator**.

In **Physical Education** students have used communication skills to help them with teamwork and cooperation. Students have had to listen carefully, speak clearly and think about how to get their messages across effectively in order to succeed in team games.

In **Music**, students have been communicating through the use of different instruments. Mr Hueppauff and his drummers gave us an excellent demonstration of how this instrument can be used to communicate.

In **LOTE**, we have been looking at how people can communicate without words, how signs can give us information and how people can give messages through sign language.
