TO: Members of the Immanuel Gawler School Community

RE: **Our Commitment to support families that come under financial hardship due to the Corona Virus**

Dear Member of the Immanuel Gawler Community,

These are certainly complex and challenging times and I would like to pass on our appreciation for your support of our school and the measures we have had to put in place.

Our school is committed to supporting families through these times. We are working to implement and improve ways of supporting Learning at Home and this will continue to evolve.

But we also know that amongst the challenges that many families are facing there are also financial implications. For some in our community this will mean reduced income and uncertainty about the coming period.

We are committed to supporting families who come under financial hardship due to the current circumstances, so we strongly encourage you to make contact to chat through this if you need to.

We will be agile and responsive in support of our community in terms of fee structures should there be a long-term shutdown of our school.

There are many people in our community who are currently making complex and challenging decisions and please be assured of our school's support of our families in the coming period.

Regards

Daryl Trigg
Principal
